

A cross-sectional view of a multi-layered structure. The structure consists of several horizontal layers. The top layer is labeled 40. Below it is a layer labeled 36. The bottom layer is labeled 20. The middle section contains a series of rectangular blocks labeled 22, 24, and 26. A layer labeled 30 is positioned above the 22 block, and a layer labeled 32 is positioned above the 26 block. A layer labeled 28 is positioned below the 22 and 26 blocks. A layer labeled 34 is positioned above the 28 layer. A layer labeled 38 is positioned below the 34 layer. A layer labeled 42 is positioned below the 38 layer. A layer labeled 31 is positioned below the 34 layer. A layer labeled 28 is positioned below the 31 layer. A layer labeled 20 is positioned below the 28 layer. A layer labeled 30 is positioned above the 22 block, and a layer labeled 32 is positioned above the 26 block. A layer labeled 28 is positioned below the 22 and 26 blocks. A layer labeled 34 is positioned above the 28 layer. A layer labeled 38 is positioned below the 34 layer. A layer labeled 42 is positioned below the 38 layer. A layer labeled 31 is positioned below the 34 layer. A layer labeled 28 is positioned below the 31 layer. A layer labeled 20 is positioned below the 28 layer.
